

**\$1 BILLION IN FUNDING FOR THE
SECOND AVENUE SUBWAY CONSTRUCTION
HAS BEEN RESTORED TO THE
MTA CAPITAL PLAN**

The Second Avenue Subway line was first proposed in 1919—almost 100 years ago. For too long, New York State has been ignoring the needs of the East Side.

I am proud to report that **\$1 billion in funding for Second Avenue Subway construction has been restored to the MTA Capital Plan. This funding will keep the project moving.**

Transportation infrastructure on the East Side is overwhelmed, and another subway line to serve our neighborhoods is desperately needed.

This is why I have never stopped fighting for capital funding for the East Side.

These dedicated funds are an important step in making sure that our community's transportation needs are met.
