

# In 2016, State Assemblywoman Amy Paulin authored several important laws to protect women and youth at risk.

*Amy Paulin has demonstrated a strong commitment to protecting our families. As a leader on these issues, she worked diligently to pass the following laws:*

- **Ch. 49** – Provides that a person is guilty of facilitating female genital mutilation when he or she intentionally aids in the commission of a person circumcising, excising, or infibulating female genitalia of a person under 18 years old.
- **Ch. 106** – Increases public awareness and educates maternity patients about safe sleep practices for babies by requiring that this information is included in the leaflet provided to them by the hospital or birth center.
- **A.8650-B** – Requires hospitals to establish written policies and procedures for the identification, assessment, and appropriate treatment or referral of persons suspected of being human trafficking victims.
- **A. 1083** – Directs the Office of Children and Family Services to study and report on the availability of child day care. Lack of access to affordable, quality childcare is a major impediment for women who would like to enter and stay in the workforce.

**Assemblywoman Paulin** wants to hear your views on the issues and is also available to help you with concerns or questions:
