

New York's Bad Apples

DAN STEC:

Restoring Honor And Dignity To Public Service

My Plan to Reform Albany:

The Public Officers Integrity Act

- Make actions that break the public trust a crime
- Ban politicians convicted of a felony from future public service
- No more state funding for political pet projects
- Ensure campaign funds are only used for campaigns
- Institute an 8-year term limit for legislative leaders

Total Recall

Dan Stec is proud to sponsor and support a bill that would require elected officials convicted of a felony while in office to forfeit their taxpayer-funded state pension. Simply put: politicians who abuse the system do not deserve a cushy pension built on our trust and tax dollars. While there was no action on this important bill this year, Dan will continue to fight for real reform and ensure our elected officials work for our benefit, not for their own greed and ambitions.
