

Dan Stec: Standing up for our values

HONESTY★TRANSPARENCY★ACCOUNTABILITY

Assemblyman Dan Stec stood up to fight the special interests and make our voice heard in state government.

HONESTY: With the rash of corruption charges levied against politicians in recent years, Dan has demanded that dishonest politicians be removed from office and face punishment to the fullest extent of the law.

TRANSPARENCY: Dan is fighting to increase the public's role in government by banning legislative votes in the dark of night that have been used to sneak through bad bills when taxpayers are sound asleep.

ACCOUNTABILITY: Dan was a prime sponsor of a constitutional amendment that would strip public officers of their state pensions for crimes committed against the public trust.

Dan Stec
STATE ASSEMBLY
