

Fighting for their future.
Today.

State Assemblyman
KEN BLANKENBUSH

Ken's Plan for the Future that Works for Us...

This session, I am determined to address three major issues impacting our community:

1 Education

Fully restoring the funding withheld by the state in previous years will ensure our children receive all the funds necessary for the **best education possible**. Our children deserve every opportunity available to them and **shouldn't be held back by downstate politics**.

2 Jobs

Middle-class families work hard to provide opportunities for their children. As legislators, it is our duty to **ensure those children have job opportunities in the future**. We must create policies in Albany that are **beneficial to our community's economy** now and for generations to come.

3 Tax Relief

New Yorkers continue to pay some of the **highest taxes in the country**. My conference and I are determined to help **lower the burdensome tax structure** that's crushing the middle-class.
