

EDUCATION FOR OUR GLOBAL WORLD

Gary D. Finch

New York State Assemblyman 126th District

FAIR FUNDING, HIGHER STANDARDS

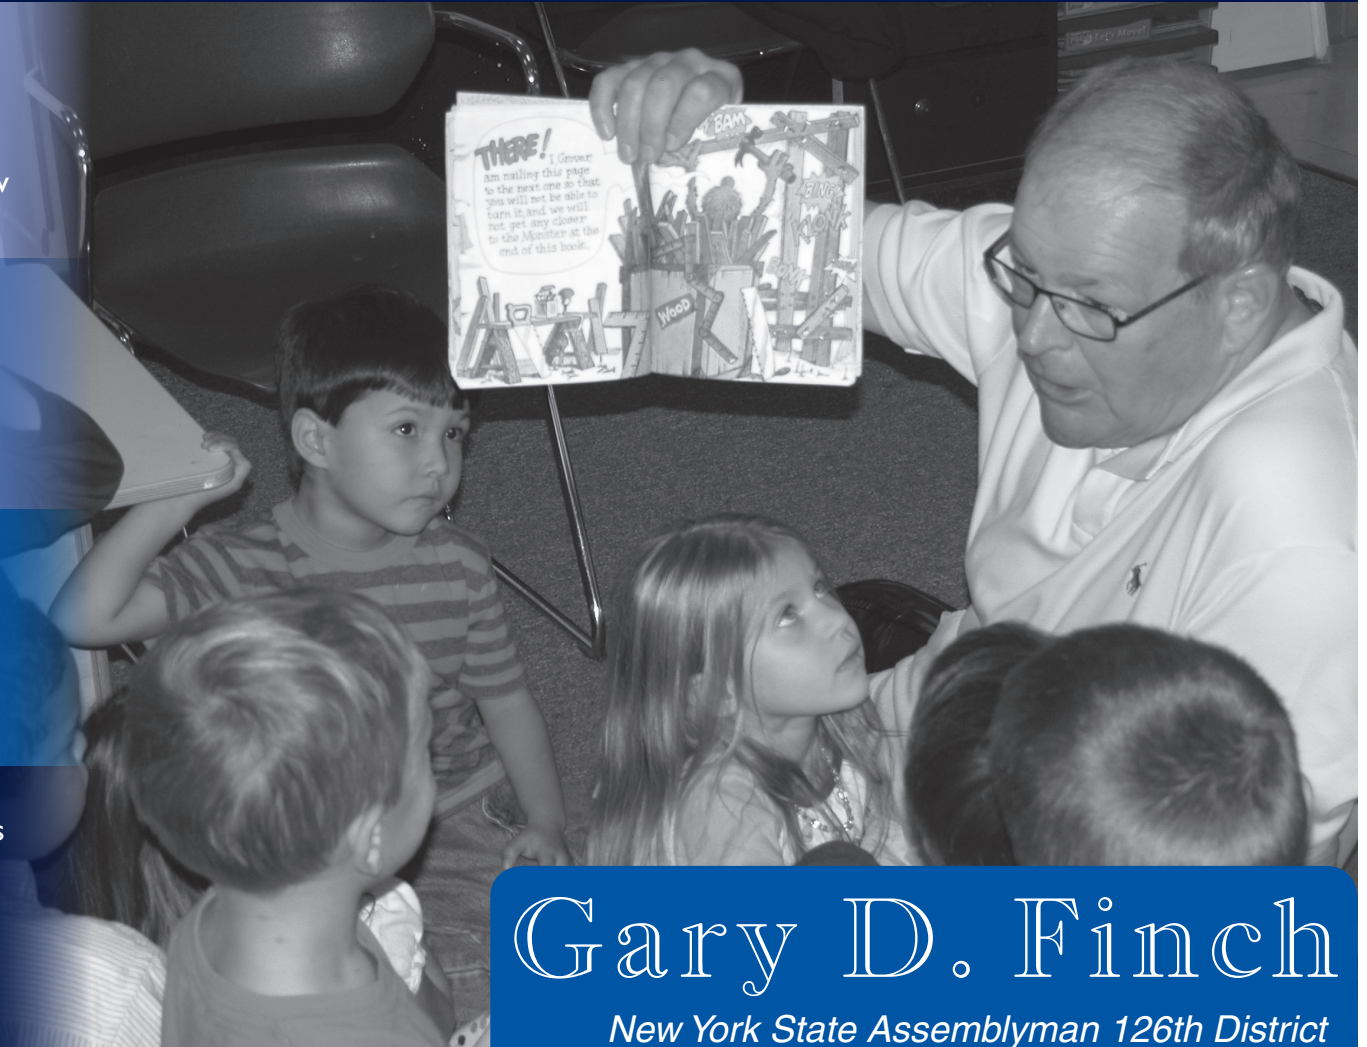

Assemblyman Gary Finch knows that our students need to develop new skills to keep pace with our ever-changing global economy.

Higher Standards: Assemblyman Gary Finch wants our children to learn new skills, ask new questions and master new technology. Gary wants Central New York students striving for excellence.

Fair Funding: Assemblyman Gary Finch wants to reform New York State's funding formula to ensure upstate schools receive the aid they deserve to employ excellent teachers and afford top-notch resources for your children.

Restore Education Cuts: Assemblyman Finch has prioritized restoring the education cuts of 2010. He helped negotiate over \$600 million in restoration funds in 2014, and he's ready to finish the job next session.

Stop Your Property Taxes from Increasing: Assemblyman Finch knows that unfunded mandates squeeze the budgets of CNY's school districts. Gary sponsors legislation (A.1640) that would provide our upstate school districts with necessary mandate relief.
