MONTESANO
STATE ASSEMBLY

ASSEMBLYMAN MICHAEL MONTESANO IS A LEADER WHO HAS TAKEN ACTION.

Some elected officials choose to blame everyone but themselves. Instead of those elected officials pointing fingers at the federal government, their focus should be on lowering taxes and making life more affordable for our middle class.

That's why you can count on Assemblyman Montesano to fight for New Yorkers who are being robbed by sky-high taxes. He has cosponsored legislation to:

- ✓ Keep your tax dollars local by placing a three-year freeze on any unfunded state mandates to provide immediate relief to your family and local businesses. **(A.1680)**
- ✓ Ease the property tax burden by requiring the state to fund new programs mandated by law, or increase funding for existing programs. **(A.5186)**

It's time to give New Yorkers back their hard-earned money.
