On the state level...

All not-for-profit applicants must now pre-qualify on the NYS Grants Reform website at grantsreform.ny.gov/grantees in order to apply for certain New York State grant solicitations. Potential not-for-profit applicants are strongly encouraged to begin the process of registering and pre-qualifying immediately as this is a lengthy process.

NYS Department of Transportation – BRIDGE NY Program Opportunity

The New York State Department of Transportation (NYSDOT) is accepting applications for funding under the new BRIDGE NY program. Up to \$200 million in enhanced assistance for local governments is being made available to rehabilitate and replace bridges and culverts statewide. The BRIDGE NY program supports projects that address poor structural conditions; mitigate weight restrictions or long detours; facilitate economic development or increase competitiveness and/or reduce the risk of flooding. Awards will be made through a competitive process and will support all phases of project development including design, right-of-way and construction. Evaluations will be based on the resiliency of the structure, the current bridge and culvert structural conditions and the significance and importance of the bridge based on traffic volumes, detour considerations, the number and types of businesses served and the overall impact on commerce.

- **Eligibility:** This funding opportunity is available to all municipalities authorized to receive and administer State and federal transportation funding.
- **Funding:** Up to \$5 million is available per project, \$200 million in total.
- **Deadline:** September 9, 2016

On the federal level...

Department of Health and Human Services

The Department of Health and Human Services (HHS) is seeking applications for its Advancing Patient Safety Implementation Through Safe Medication Use Research Program. The program will consider proposals which focus on investigative research that examines the effective implementation of processes, policies and behaviors that support safe use of medication. This research will help HHS develop comprehensive plans to reduce adverse drug events, by focusing on areas such as communication improvement, effective use of health information technology, medication management approaches and more.

- **Eligibility:** Public or private nonprofit institutions, local or state governments, federal agencies or tribal governments are eligible to apply.
- **Funding:** The program will award up to \$500,000 per year or \$1.5 million total for the total project period.
- **Deadline:** September 25, 2016

National Endowment for the Humanities

The National Endowment for the Humanities, in partnership with the Andrew W. Mellon Foundation, is seeking applications for their Humanities Open Book Program. This program is designed to make outstanding out-of-print humanities books available to a wide audience, utilizing low-cost 'e-book' technology that will allow teachers, students, scholars and the general public to access books that have been out of print. The program is seeking proposals from academic presses, scholarly societies, museums and other institutions that publish public books in the humanities to participate in the program.

- **Eligibility:** Nonprofit organizations, state or local government agencies and Indian tribal governments are eligible to apply.
- **Funding:** Awards range from \$50,000 to \$100,000.
- **Deadline:** September 13, 2016

Cure Spinal Muscular Atrophy

Cure SMA is seeking applicants for its research grants. SMA is a disease that robs people of physical strength by affecting the motor nerve cells in the spinal cord, taking away the ability to walk, eat or breathe, and is the number one genetic cause of death for infants. Cure SMA supports novel research that will enhance understanding of SMA pathology at the molecular, cellular and biomechanical levels. Additionally, the organization is seeking to ensure the development of new drugs and clinical trials as well as new therapeutic strategies for SMA.

- **Eligibility:** Research scientists at universities, research hospitals and research centers are eligible to apply.
- **Funding:** \$75,000 per year over two years will be awarded, \$150,000 total.
