CARL E. HEASTIE, SPEAKER

INTERN COMMITTEE
DEBORAH J. GLICK, CHAIR

New York State Assembly GRADUATE INTERNSHIP

The Assembly Intern Committee will award up to 10 **GRADUATE SCHOLAR** positions for the 2022 legislative session.

GRADUATE SCHOLARS will be paid a \$15,000 stipend for the Internship, commencing January 5, 2022 and concluding in early June (End Date TBD concurrent with the Session Calendar).

DEADLINE:

Completed applications can be e-mailed directly by the applicants by the **October 22, 2021** deadline. Requests for extensions of any application deadlines will be made on a case by case basis, and may be made by calling the Assembly Intern Committee at (518) 455-4704.

ELIGIBILITY:

Applicants for the Internship must be matriculated in, or have recently completed (within one year from date of graduation) a graduate degree program. Applicants should have excellent research skills and a strong interest in state government and the legislative process. All majors may apply. International students must have academic requirements in the United States to be eligible and are expected to have proper work authorization prior to the Internship start date, January 5, 2022.

THE INTERNSHIP:

The Assembly GRADUATE INTERNSHIP provides a professional development opportunity for up to 10 qualified applicants to serve as full-time staff during legislative session, assisting in policy analysis, legislative research, communications and constituent services. Graduate Scholars have the opportunity to develop their understanding of the legislative process and New York State government, as well as apply their ideas and research skills in the legislative process. Graduate Interns are required to attend Issue Forums, staff training sessions and workshops designed to take theory into practice. These sessions will apply the concepts learned in academic programs to the work of a legislative office. In turn, each Graduate Intern leads a group of 10-15 undergraduates enrolled in the Assembly's Session Intern Program, helping them apply their academic coursework to the practice of legislative work. This "Practicum" component of the program culminates in Graduate Interns leading the undergraduates in staging a series of "Mock Legislative Budget Hearings" in mid-February. The Internship affords a unique opportunity with many of its participants moving to permanent positions in the Assembly, other government agencies, or firms practicing public affairs in the nonprofit or private sectors.

APPLICATION PROCEDURES:

Applications and all supporting documents must be submitted to the Assembly Intern Committee as a complete package. All materials **must be e-mailed to internapplication@nyassembly.gov by October 22, 2021**. Interviews will be scheduled during the week of October 25, 2021; via Zoom. Final decisions will be made shortly thereafter.

The following supporting documents are required of all applicants:

- ◆ A personal statement (item #19 on the application).

- ◆ Two letters of recommendation, which discuss the applicant’s research skills, character, understanding of the governmental process, and familiarity with particular public policy areas. Letters should not be requested from anyone who has not directly observed and evaluated the applicant’s skills, character, and areas of knowledge. At least one letter must be from a professor at the current university or most recently attended academic institution.
- ◆ A letter from the graduate program dean or director indicating how the Graduate Internship relates to the student’s academic or career objectives and amount of credit, if any, to be granted. If this letter is written by the same person as one of the above, it should be clearly stated as performing this dual purpose. This is required whether or not the applicant has completed their graduate degree.
- ◆ Official transcripts of all graduate and undergraduate coursework completed and in progress. If the college/university will not release official transcripts to students, they may be sent directly to the Assembly Intern Committee under separate cover. The applicant should note this on the application.
- ◆ A public policy proposal (item #16 on the application).

RESPONSIBILITIES:

Graduate Interns serve as full-time Assembly legislative research and policy staff. Assignments are typically with the chair of a legislative committee and are made based on experience, program of study, interest and the availability of supervision within the Assembly. Responsibilities can include; research analysis of proposed legislation and program budgets, bill drafting, preparation of memorandum and reports concerning pending or proposed legislation and meeting with constituents and interest groups. In addition to their legislative office work, Graduate Interns support the Practicum component of the Intern Committee’s Undergraduate Program by leading small groups of students in legislative analysis and producing the work of a typical legislative office. A series of “Mock Legislative Budget Hearings” are held in mid-February during which students demonstrate their ability to produce and deliver public hearing testimony; an important component of the legislature’s deliberative work. This experience affords the Graduate Intern the opportunity to reinforce the skills learned in their legislative offices and Intern Office workshops and gain valuable leadership, communication and management skills.

The Intern Office leads a series of weekly workshops in the hard and soft skills necessary for a professional career in a legislative or government related setting and to fulfill the requirements of leading the undergraduate practicum component of the internships. These include writing memorandum, public hearing testimony and other legislative work documents, bill analysis and legislative research, including budget analysis, as well as leadership, teamwork and communication skills.
