

A report to the 25th Assembly District from  
**ASSEMBLYWOMAN  
NILY ROZIC**

March 2017

### Honoring Women's History Month

The month of March was filled with several events celebrating Women's History Month that I had the honor of participating in! To celebrate International Women's Day, I joined the Assembly's Legislative Women's Caucus for a day of activities around the Capitol that highlighted milestones of the women's rights movement in New York State.

### Discussing Education Funding with UFT

Thanks to the teachers from District 25 & 26 who traveled up to Albany on United Federation of Teachers Lobby Day to discuss education funding in the 2017-18 State Budget! With negotiations still underway, I am fighting for a final budget that delivers increased funding, a Foundation Aid formula that fairly distributes resources, and innovative education programs that contribute to the quality education our schools strive to provide.

## Celebrating Academic Leadership

At School District 26 Presidents' Council Legislative Breakfast, I joined administrators and faculty to discuss ways we can collaborate on securing resources and providing for the quality education our families deserve. It is an honor to work alongside the District 26 team whose commitment to students is reflected in their advocacy and leadership!

## Advocating for Health Care Services with Charles B. Wang Community Health Center

It's always great to see Charles B. Wang Community Health Center in Albany! They recently visited on Community Health Care Association of New York State Advocacy Day to promote the importance of funding community-based primary care centers providing quality, accessible care in our neighborhoods.

## Standing Up Against Hate

The Queens community is showing up in record numbers to rally against threats, attacks, and hate crimes that have plagued communities across the state in the past couple of months. I proudly joined my colleagues and interfaith leaders at the Samuel Field Y in Little Neck to speak out against the recent wave of anti-Semitism, following threats called into Jewish Community Centers. I will continue pushing for solutions that address the uptick in hate crimes, and also ask that we join together in condemning such actions that have no place in New York.
