IN THE COMMUNITY

Assemblymember Bores hosted a Town Hall.

He spent nearly 2 hours answering questions from constituents, covering a broad array of topics.

One attendee mentioned it was the first Town Hall they had ever been to in 10 years of living in Manhattan.

The Bores Brief

Only have minutes to spare? Here's what you need to know:

- I released a report on **alternatives to the LinkNYC Towers** for providing 5G coverage. The towers, aside from being ugly, will privatize revenues that could be used by the City for many other purposes, and instead bail out a program that owes NYC over \$60 million. You can read the report at <https://bit.ly/5gTower>
- The **Governor signed my bill** eliminating obstacles to optometrists starting their practices, which should help **eliminate the shortage of optometrists** in New York.
- I wrote an op-ed in the NY Daily News, along with Assemblymembers Tony Simone and Eddie Gibbs, on our visit to **Kfar Aza (a kibbutz in southern Israel)** earlier this year. You can read it at <https://bit.ly/KfarAzaOpEd>

As always, it is my honor to represent you in Albany.

My office is here to serve you. If we can ever be of assistance, write to us at BoresA@contactme.nyasassembly.gov.

Sincerely,

Alex Bores
Your Assemblymember

Alex hit the dance floor at Lenox Hill Neighborhood House's Annual Thanksgiving Dinner Dance.

Thank you to the **Lenox Hill Neighborhood House** for hosting and for your work year-round to serve the Upper East Side and beyond.

The Assemblymember hosted a shredding event with Senator José Serrano.

Thanks to the help of NYC Sanitation, we were able to help neighbors shred 1 ton of paper!

The oldest document someone admitted to shredding? 2013!

Last weekend, Assemblymember Bores joined the **Health Advocates for Older People (HAFOP)** for their annual Harvest Lunch and Fashion Show.

HAFOP promotes safe and healthy aging through programs designed to facilitate independent living, physical well-being, and greater social interaction.

INFRASTRUCTURE

Alex toured the tunnels of Grand Central Station to see the repairs needed.

He discussed cost containment and extending the lifetime of repairs with executives at the MTA.

Grand Central Station holds up many of the buildings in midtown, and so needs constant vigilance.

ARTIFICIAL INTELLIGENCE (AI)

The Assemblymember participated in several discussions on Artificial Intelligence (AI) and its rapid development. Alex is the first elected member of his party in NY to have a degree in computer science, and has academic and professional experience in AI.

At **Temple Emanu-El** (top), **Cornell Tech** (left), and at the **NewDEAL Leaders Conference** (right), the Assemblymember discussed the impact AI will have on all of our lives, and the role government must play to ensure this technology remains a tool for good, rather than a threat.

VOLUNTARY INTOXICATION LOOPHOLE

Alex joined survivors, advocates, and fellow legislators to advocate for the closing of the voluntary intoxication loophole; a provision of law which makes it extremely difficult to prosecute sexual assault cases where alcohol was consumed.

WE'RE HIRING!

Team Bores is expanding! We are currently hiring for a Constituent Services and Operations Manager (JD available on request), and we will be posting another job soon. If you are interested in joining us, send a résumé and cover letter to jobs@alexbores.nyc. We want to work with dedicated people, so if you are interested in a role we have not posted feel free to pitch us on what you can do!

Sutton Place Parks Conservancy Seasonal Sing Along and Lightshow

Saturday, December 16
Enter at E 57th St & Sutton Place South
5:00 PM – 6:00 PM

Hot Cocoa will be served

SAVE THE DATE

Alex will host a **"State of the District"** address on the **afternoon of Sunday, January 21**. It will conflict with an NFL playoff game, but neither the Jets nor his beloved Giants will be playing in it (and honestly, the Bills don't look great either...)

NewDEAL Leaders

Earlier this year, Assemblymember Bores was selected for the 2023 Class of **NewDEAL Leaders**, a national network of leading state and local elected officials whose alumni include Secretary of Transportation Pete Buttigieg and Stacey Abrams.

Recently, Assemblymember Bores attended NewDEAL's annual conference in Washington, DC. In addition to being a keynote speaker on AI development, Alex visited the White House to discuss economic development, smart guns, pandemic prevention, immigration, and much more.

353 LEXINGTON AVENUE, SUITE 704
