As our representative in Albany, **Assemblyman Kevin Byrne** has made supporting our local veterans one of his top priorities. Kevin knows that we owe a tremendous debt of gratitude to those who have served in our country's armed forces, and has taken action at the state level to support these brave men and women.

Some highlights for veterans in our community from this past legislative session include:

- **Legislation to expand benefits to state employees who are combat veterans** (A.3198-A)
- **\$740,000 to support the Joseph P. Dwyer programs in Putnam and Westchester counties** (A.9503-D, A.3003-D)
- **Rededication of the Major Clayton Carpenter Memorial Highway, ensuring the true rank of one of our local heroes was properly recognized.**
- **Additional sick leave to veterans for healthcare services related to their military duties** (A.3198-A)
