ASSEMBLYWOMAN *Mary Beth*
WALSH

Dear Neighbor,

In the past few months, our state and country have faced unprecedented and challenging times. New Yorkers have never been afraid of a challenge. We “flattened the curve,” and in our region, we have begun the hard work of gradually and responsibly reopening our economy and returning to some sense of normalcy.

Although this pandemic has brought hardship, it also presents opportunities for people to rise above difficult circumstances and take action. That’s exactly what our essential workers are doing every day. To our doctors and nurses, police officers and firefighters, EMTs and pharmacists, transportation workers and grocery store clerks, and so many others, we thank you for all your dedication and hard work.

I know this crisis has changed us in many ways, but I also know brighter days are ahead. During these trying times, it’s been so inspiring to see members of our community come together like never before. Circumstances are changing rapidly, and things could be different in any number of ways by the time this reaches your mailbox. Just know I’m here for you, and you can always reach out to my office, especially if you don’t know where else to turn.

Sincerely,

A handwritten signature in black ink that reads "Mary Beth Walsh".
