

Whether you are new to the area or newly registered to vote here,

MY TEAM AND I ARE HERE!

to assist with any state-related concerns. This includes but is not limited to...

- ✓ State agency issues (e.g., DMV, Department of Labor, Health)
- ✓ Local community programs and emergency services
- ✓ Finding and applying for state grants
- ✓ Resolving tax or public benefit issues
- ✓ Assisting with communicating with state agencies, such as Department of Labor
- ✓ Services for people with disabilities and seniors
- ✓ Veterans' benefits and health care services
- ✓ Economic development and business resources
- ✓ Understanding and engaging in state legislation

I welcome your requests for assistance, questions, and feedback on issues that matter the most to you. Please save our contact information and consider signing up for our newsletter to stay informed about local events, issues, and resources: <https://nyassembly.gov/mem/William-B-Magnarelli>

Dear Neighbor:

I wanted to thank you for registering to vote and taking this important step in the democratic process. As your representative in the NYS State Assembly, I'd like to introduce myself and inform you about some of the resources and services my office can provide you.

Assembly District 129 is an area where civic pride, natural beauty and a strong community come together. My staff and I work year-round as your advocate in Albany and in Onondaga County, advocating for funding and advancing legislation that reflects our community's needs.

My seniority in the New York State Assembly has enabled me to successfully advocate for and deliver important legislation for Central New York. Additionally, I am appointed Chair of the NYS Assembly Transportation Committee. I voted for a 2025-26 State Budget and additional legislation which included important measures for working families:

- ✓ Provided significant funding for infrastructure improvements for water, sewer and highway projects;
- ✓ Continued a reduction in income taxes for middle-class families;
- ✓ Secured record levels of funding for our schools

One of my primary focuses is always to secure funding for Central New York in order to create jobs, and to sponsor legislation beneficial to the region. I firmly believe that having a job is the gateway to realizing the American dream. I have been successful in advocating for

and securing millions of dollars in funding for economic development and community enhancement projects for the Central New York area that not only create new jobs, but also retain the jobs we have and help to expand businesses – including supporting the Inspyre, the new tech garden, and On-Ramp, the regional advanced manufacturing partnerships *. These grant funds are also used to help to maintain and improve our area's unique parks and community spaces, including renovations to Schiller Park, Upper Onondaga Park, Solvay Tigers Athletic Club, Syracuse Polish Home, and the Loop the Lake trail on Onondaga Lake.

I remain committed to providing my constituents with sound policies and programs that will help them lead a healthy and successful life, filled with hope and opportunities. My office is always open to you. If you have any problems with state government services, please do not hesitate to contact me at **315-428-9651**, or email me at **magnarw@nyassembly.gov**

*Funding secured over 2017, 2018, 2019, 2021, 2024 New York State Budgets

Sincerely,

William B. Magnarelli
