HAWLEY**

# Standing Up for Local Agriculture

Our state is ranked as one of the best in the nation for agriculture thanks to homegrown, small-town farms like the ones we have right here in Western New York. As a former farmer myself, I understand the impact this vital industry has on our local economy. As your assemblyman, I've fought every day to make sure local farmers have the tools they need to thrive. Here's just a small part of what I've been working on to support New York agriculture:

- ☀️ Created a youth development agriculture technology challenge to get students involved in local agriculture (Chapter 280 of the Laws of New York State 2023)
- ☀️ Extend the eligibility for the agricultural property tax credit (A.2040)
- ☀️ Provide agricultural education in our public schools (A.4209)
- ☀️ Establish an assistance and outreach program for veterans in agriculture (A.4210)
