

New York taxes too much and spends too much, and families and businesses are leaving because of it...^{1,8}

NEW YORK'S STATE SPENDING

But Pat has a plan to fix that.

A Message From Pat:

From putting gas in your tank to food on your table and everything in between, it simply costs too much to live in New York. Raising taxes and increasing spending isn't the answer. We need common-sense solutions that will provide real relief and lasting change for the families and residents of Buffalo, Cheektowaga, and Lancaster. My plan lowers costs, protects paychecks, and ensures that families and retirees aren't priced out of the state they call home.

Pat's Plan Supports:

Cutting state sales taxes on your daily items!

Western New Yorkers are unnecessarily feeling the pain on every purchase they make.³

Eliminating taxes on tips and overtime!

Because a 60-hour work week should pay like one, providing greater assistance to our most vulnerable employees is a priority of mine.⁴

Preventing retirees from being taxed out of the state they built!

Expanding tax exemptions for pensions and annuities allows older residents on fixed incomes to keep more of their money.⁵

Lowering the cost of auto insurance!

In New York State, we pay some of the highest auto rates in the country. Eliminating staged accidents and fraud rings will save honest drivers hundreds of dollars a year.⁶

Limiting government spending and making it harder to raise your taxes!

New York is planning another record spending budget, which is why we need a state spending cap, to require a 2/3 vote to increase taxes, and to prohibit any state agency from imposing taxes or fees without legislative approval.⁷
